### Author index

#### A

- Abels DJ, Kattan-Byron J: Psoriasis treatment at the Dead Sea: A natural selective ultraviolet phototherapy, 639
- Abi Ali L *see* Zaynoun et al, 522
- Abramowicz A *see* Urbanski et al, 188
- Achten G *see* Lowy et al, 78
- Ackerman AB: No one should die of malignant melanoma, 115 (Editorial)
- Adriaens P *see* Van Boven et al, 822
- Afifi AK, Bergman RA, Zaynoun ST, Bahuth NB, Kraydieh M: Partial (localized) lipodystrophy, 198
- Ahmed AR, Bevan HJ, Murahata RI: Clinical correlations of antibodies in pemphigus studied by radioimmunoassay, 45
- Albom MJ: Reply to Mohs FE: Avoidance of osteomyelitis after Mohs' surgery, 727 (Correspondence)
- Alexander JO'D: Papular urticaria and immune complexes, 374 (Correspondence)
- , Lyell A: Multiple keratoacanthomas, 376 (Correspondence)
- Ali F, Bauer HM: Umbilical metastasis of an endometrial carcinoma: A case report, 887 (Correspondence)
- Alinovi A, Reverberi C, Melissari M, Gabrielli M: Cutaneous hyperpigmentation induced by amiodarone hydrochloride, 563
- *see* Benoldi and Alinovi, 376 (Correspondence)
- Alvarez OM *see* Leipziger et al, 409
- Amornsirpanitch S: Defective cytoplasmic transport of cell surface carbohydrates in psoriasis, 1111 (Correspondence)
- Anderson PC: Reply to Tharp CK: The evolution controversy, 891 (Correspondence)
- Anderson TF *see* Pentland and Anderson, 212
- Aranoff SM, Levy HB, Tuchman AJ, Daras M: Alopecia in meralgia paresthetica, 176
- Ariano L *see* Brown and Ariano, 350 (Dermatopathology)
- Arndt KA *see* Fine and Arndt, 697 (Clinical review)
- *see* Menkes et al, 21
- Aronson IK, West DP, Variakojis D, Malkinson FD, Wilson HD, Zeitz HJ: Fatal panniculitis, 535 (Clinical review)
- Ashley JR, Littler CM, Burgdorf WHC, Brann BS IV: Bronze baby syndrome, 325

#### B

- Bäck O, Faergemann J, Hörnqvist R: *Pityrosporum* folliculitis: A common disease of the young and middle-aged, 56
- Bagel J, Grossman ME: Hemorrhagic bullae associated with *Morganella morganii* septicemia, 575
- Bahuth NB *see* Afifi et al, 198
- Bank PW *see* Gorsulowsky et al, 245
- Banase-Kupin L, Morales A, Barlow M: Reply to Fusaro RM: Lynch syndrome II and Lynch syndrome I, 130 (Correspondence)
- Baral J: Cures for dermatophyte cultures, 728 (Correspondence)
- Baran R *see* Kint et al, 816

- Barlow M *see* Banase-Kupin et al, 130 (Correspondence)
- Barsky S *see* Eisenberg et al, 328
- Basford RE *see* Kaplan et al, 1013
- Basler RSW, Goetz CS: Synergism of minocycline and amitriptyline in cutaneous hyperpigmentation, 577 (Correspondence)
- Bauer HM *see* Ali and Bauer, 887 (Correspondence)
- Behl PN: Dermatitis from cashew nuts, 117 (Correspondence)
- : Eradication of scabies with a single treatment schedule, 117 (Correspondence)
- : Repigmentation of segmental vitiligo by autologous minigrafting, 118 (Correspondence)
- Behrens C *see* Grossman et al, 313
- Benoldi D, Alinovi A: Reply to Alexander JO'D, Lyell A: Multiple keratoacanthomas, 376 (Correspondence)
- Berger TG, Meltzer MS, Oster CN: Lymph node involvement in leishmaniasis, 993
- Bergfeld JA *see* Lombardo et al, 580 (Correspondence)
- Bergfeld WF *see* Lombardo et al, 580 (Correspondence)
- *see* Ranchoff and Bergfeld, 586 (Correspondence)
- Bergman RA *see* Afifi et al, 198
- Berman IJ *see* Bickley et al, 1007
- Berti E, Cavicchini S, Cusini M, Monti M, Parolini F, Caputo R: Heterogeneity of dermal OKT6+ cells in inflammatory and neoplastic skin diseases, 507
- Beutner EH, Krasny SA, Chorzelski TP, Rodnan G, Jablonska S, Kumar V: Evaluation of methods for detection of anticitromere antibodies and other antinuclear antibodies, 289
- Bevan HJ *see* Ahmed et al, 45
- Bhawan J, Gellis S, Ucci A, Chang T-W: Reply to Pariser RJ: Cytomegalovirus infection in an immunosuppressed man, 721 (Correspondence)
- Bickers DR, Epstein JH, Fitzpatrick TB, Harber LC, Pathak M, Urbach F: Risks and benefits from high-intensity ultraviolet A sources used for cosmetic purposes, 380 (Special report)
- Bickley LK, Berman IJ, Hood AF: Fixed cutaneous sporotrichosis: Unusual histopathology following intralesional corticosteroid administration, 1007
- Bigby M, Stern R: Cutaneous reactions to nonsteroidal anti-inflammatory drugs, 866 (Adverse reactions)
- Biro L, Price E, Brand AJ: Skin cancer detection clinics, 375 (Correspondence)
- Bissinger J *see* Grossman et al, 313
- Bjerke S *see* Guy et al, 1001
- Bohm M, Voorhees JJ: The role of the ambulatory psoriasis treatment center as a cost-effective program for severe psoriasis, 740 (Special report)
- Bouroncle B *see* Camisa et al, 1108 (Correspondence)
- Bovenmyer DA: Aggravation of dermatitis herpetiformis by dental fluoride treatments, 719 (Correspondence)
- Boxall LBH *see* Haber et al, 836, 1040
- Bozeman M *see* Reed et al, 930
- Brand AJ *see* Biro et al, 375 (Correspondence)
- Brann BS IV *see* Ashley et al, 325
- Braunstein BL: Herpes simplex complicating topical 5-fluorouracil therapy, 1109 (Correspondence)

January, part 1, pp. 1-160; January, part 2, pp. 161-214; February, part 1, pp. 215-392; February, part 2, pp. 393-440; March, pp. 441-596; April, pp. 597-752; May, part 1, pp. 753-910; May, part 2, pp. 911-964; June, pp. 965-1154.

- Bremer Schulte M, Cormane RH, van Dijk E, Wuite J: Group therapy of psoriasis, 61
- Brenner S: "Pediculid": An unusual id reaction to pediculosis capitis, 125 (Correspondence)
- Briggaman RA *see* Marks et al, 914
- Bröcker E-B *see* Czarnecki et al, 253
- Brody N *see* Fleming and Brody, 894 (Correspondence)
- Bronson DM *see* Eisenberg et al, 328
- Brooks NA: Curettage and shave excision, 1107 (Correspondence)
- Brown E, Ariano L: Histologic diagnosis of benign adnexal skin tumors, 350 (Dermatopathology)
- Brownstein MH, Phelps RG, Magnin PH: Papillary adenoma of the nipple: Analysis of fifteen new cases, 707 (Dermatopathology)
- : Reply to Stevens CS: Follicular cysts: How should we name them? 368 (Correspondence)
- Bruce S, Wolf JE Jr: Quinidine-induced photosensitive livedo reticularis-like eruption, 332
- Buncke HJ Jr *see* Zackheim et al, 207
- Bunn PA Jr *see* Rosen et al, 531
- Burgdorf WHC *see* Ashley et al, 325
- Burke S *see* Reed et al, 930
- Burket BJ *see* Burket and Burket, 161
- Burket JM, Burket BJ: Eosinophilic panniculitis, 161
- Burnham TK *see* Gorsulowsky et al, 245
- Burton CS, Sawchuk WS: Premature sebaceous gland hyperplasia: Successful treatment with isotretinoin, 182

## C

- Callaway JL: Giants in dermatology, 144 (Special article)
- : Dermatomyositis and malignancy: Commentary on a recent report and the need for increased scrutiny of reports of disease associations, 731 (Correspondence)
- : Reply to Hollander A: Giants in dermatology, 1109 (Correspondence)
- : Systemic lupus erythematosus in patients with chronic cutaneous (discoid) lupus erythematosus, 278
- *see* Fowler et al, 73
- Camisa C, Grever MR, Bouroncle B: Deoxycoformycin: A new chemotherapeutic agent of interest to dermatologists, 1108 (Correspondence)
- Caplan RM: The real literature: A reading list for dermatologists, 901 (Special article)
- Caputo R *see* Berti et al, 507
- Carney JF *see* Hazen et al, 1077 (Adverse reactions)
- Carter DM: Introduction: Biosynthetic dressings and wound healing, 393
- Caulier B *see* Van Neste et al, 372 (Correspondence)
- Cavicchini S *see* Berti et al, 507
- Cestoni-Parducci R *see* Hernández-Pérez and Cestoni-Parducci, 15
- Chalker DK *see* Leshner et al, 526
- *see* Leyden et al, 676
- Chan P, Kao GF, Pierson DL, Rodman OG: Episodic hyperhidrosis on the dorsum of hands, 937
- Chang T-W *see* Bhawan et al, 721 (Correspondence)
- Chen D, Rofsky HE: Reply to Lipinski JT, Schwimmer B: Elevated CPK and isotretinoin, 583 (Correspondence)
- Chernosky ME: Collagen implant in management of perlèche (angular cheilosis), 493
- : One-step procedure for earlobe surgical repair and ear post replacement, 721 (Correspondence)

- Cho CK *see* Lee et al, 629
- Chorzelski TP *see* Beutner et al, 289
- Clendenning WE *see* Schwartz and Clendenning, 725 (Correspondence)
- Cobbold RSC *see* Haberman et al, 132 (Special article)
- Cohen-Addad N *see* Lin et al, 1022
- Cole CA *see* Forbes et al, 894 (Correspondence)
- Colton A *see* Spiegel and Colton, 810
- Comerford M *see* Pestana et al, 26
- Conerly SL *see* Smith and Conerly, 681 (Clinical review)
- Connelly MG, Winkelmann RK: Coexistence of lichen sclerosis, morphea, and lichen planus, 844
- Cormane RH *see* Bremer Schulte et al, 61
- Coskey RJ: Dermatologic therapy: December 1983 through November 1984, 1045 (Therapy)
- Cotter PK *see* Fowler et al, 73
- Cristofolini M, Piscioi F, Zumiani G, Scappini P: The role of tretinoin (Tegison; Tigason) in the management of keratoacanthoma, 633
- Crovato F, Rebora A: Angiokeratoma corporis diffusum and normal enzyme activities, 885 (Correspondence)
- Cunningham RW Jr: A dossier on health care cost containment, 364 (Editorial)
- Cusini M *see* Berti et al, 507
- Czarnecki DB *see* Roitstein et al, 121 (Correspondence)
- Czarnecki BM, Meentken J, Kolde G, Bröcker E-B: Morphology of the cellular infiltrate in delayed pressure urticaria, 253

## D

- Daenens P *see* Van Boven et al, 822
- Daras M *see* Aranoff et al, 176
- Davies BI *see* Wuite et al, 1026
- Davies RE *see* Forbes et al, 894 (Correspondence)
- De Bersaques J: Sign of Leser-Trélat, 724 (Correspondence)
- DeCotis A *see* Lin et al, 1022
- Degreeff H *see* Van Boven et al, 822
- De Keyser H *see* Kint et al, 816
- Demers LM *see* Lookingbill et al, 481
- de Moragas JM *see* Puig et al, 961
- *see* Tuncu et al, 1072 (Adverse reactions)
- Detlefs RL *see* Goette and Detlefs, 922
- De Villez RL *see* Spielvogel et al, 475
- Dharan M *see* Israilewicz et al, 1104 (Correspondence)
- DiBernardo B *see* Leipziger et al, 409
- Dicken CH *see* Gibson and Dicken, 883 (Correspondence)
- Diehl DL *see* Haberman et al, 132 (Special article)
- Diffey BL, Spiro JG, Hindson TC: Photosensitivity studies and isotretinoin therapy, 119 (Correspondence)
- Din SN *see* Hira et al, 580 (Correspondence)
- Dixon SL *see* Purcell and Dixon, 231
- Dobson RL: Medicine and the marketplace, 1099 (Editorial)
- Dolezal JF: Podophyllum resin and podophyllin, 728 (Correspondence)
- Domingo P *see* Puig et al, 961
- Dotz WI, Henrikson DM, Yu GSM, Galey CI: Tinea versicolor: A light and electron microscopic study of hyperpigmented skin, 37
- Douglass MC *see* Mitchell and Douglass, 644
- Dupont B *see* Myskowski et al, 997

- Dupuis LL, Shear NH, Zuker RM: Hyperpigmentation due to topical application of silver sulfadiazine cream, 1112 (Correspondence)  
Dzubow LM: Histologic and temperature alterations induced by skin refrigerants, 796

E

- Eaglstien WH: Experiences with biosynthetic dressings, 434  
— see Feldman et al, 366 (Correspondence)  
— see Mertz et al, 662  
Egan N see Lookingbill et al, 481  
Eisenberg EL, Bronson DM, Barsky S: Benign cephalic histiocytosis, 328

- reply (Forbes et al), 894 (Correspondence)
- Biopsy(ies), skin, direct immunofluorescence in, simplified fixative medium for (Nieddecken and Lange), 828
- and survival of malignant melanoma (Rampen and van der Esch), 385 (Commentary)
- Biosynthetic dressings, experiences with (Eaglstien), 434
- and wound healing (Carter), 393
- Black light fluorescent lamps for PUVA, biologic effectiveness of (Fleming and Brody), 894 (Correspondence)
- reply (Forbes et al), 894 (Correspondence)
- Blood flow, regional, and mycosis fungoides (Zackheim et al), 578 (Correspondence)
- reply (Everett), 580 (Correspondence)
- pressure, topical minoxidil reduces (Ranchoff and Bergfeld), 586 (Correspondence)
- reply (Vanderveen and Ellis), 587 (Correspondence)
- Bone marrow transplantation, acute graft-versus-host reaction severe complication of (Hymes et al), 468
- Book reviews, 148, 382, 591, 748, 904, 1124
- Breast carcinoma metastatic to skin, papillary adenoma of nipple compared with (Brownstein et al), 707 (Dermatopathology)
- Bronze baby syndrome (Ashley et al), 325
- Bulimia, cutaneous sign of (Schwartz and Clendenning), 725 (Correspondence)
- Bullae, hemorrhagic, associated with *Morganella morganii* septicemia (Bagel and Grossman), 575
- Bullous disease, cocaine-related (Tomecki and Wikas), 585 (Correspondence)
- pemphigoid, effect of anatomic region on immunofluorescence diagnosis of (Weigand), 274

- Burn scar, thermal, gigantic malignant melanomas in (Goldberg et al), 949  
Burow's wedge principle, use of, for repair of wounds in or near the eyebrow (Gormley), 344 (Dermatologic surgery)

C

- Calcinosis cutis resulting from percutaneous penetration and deposition of calcium (Wheeland and Roundtree), 172  
Calcium, calcinosis cutis resulting from percutaneous penetration and deposition of (Wheeland and Roundtree), 172  
Cancer, nonmelanoma skin, psoriasis and susceptibility to (Stern et al), 67  
skin, detection clinics (Biro et al), 375 (Correspondence)  
reply (Weary), 376 (Correspondence)  
treatment of (Knox), 589 (Correspondence)  
reply (Spiller and Spiller), 589 (Correspondence)  
Canthaxanthin, availability of, in United States (Levit), 129 (Correspondence)  
reply (Poh-Fitzpatrick), 129 (Correspondence)  
Carbohydrates, cell surface, defective cytoplasmic transport of, in psoriasis (Amornsiripantich), 1111 (Correspondence)  
reply (Schaumburg-Lever), 1111 (Correspondence)  
Carcinoma, basal cell, human leukocyte antigen associations in (Myskowski et al), 997  
relationship of sun exposure and solar elastosis to (Zaynoun et al), 522  
endometrial, umbilical metastasis of: case report (Ali and Bauer), 887 (Correspondence)  
hypopharyngeal squamous cell, metastatic to skin (Schultz and Schwartz), 169  
Merkel cell, electron microscopy of, from formalin-fixed tissue (Haneke), 487  
metastatic squamous cell, of skin occurring in lymphomatous lymph node (Mora), 571  
squamous cell, in burn scars, compared with group having malignant melanomas in burn scars (Goldberg et al), 949  
of tongue, xeroderma pigmentosum and (Wade and Plotnick), 515  
Cashew nuts, dermatitis from (Behl), 117 (Correspondence)  
Cellular infiltrate, morphology of, in delayed pressure urticaria (Czarnecki et al), 253  
Cephalic histiocytosis, benign (Eisenberg et al), 328  
Cerebellar ataxia, progressive, in ataxia-telangiectasia or Louis-Bar syndrome (Smith and Conerly), 681 (Clinical review)  
Cerebral cysticercosis: diagnostic value of subcutaneous nodules (Falla and Kapoor), 304  
Cervix uteri, radiotherapy for squamous cell carcinoma of; cutaneous angiosarcoma of lower abdomen in site where received (Goette and Detlefs), 922  
Cheilosis, angular; collagen implant in management of perleche (Chernosky), 493  
Chemical workers with and without chloracne with past exposure to 2,3,7,8-tetrachlorodibenzo-*p*-dioxin, cutaneous histologic findings in (Moses and Prioleau), 497  
Chemoattractant, increased plasma, in Sweet's syndrome (Kaplan et al), 1013  
Chemosurgery (Mohs' surgery), dermatofibrosarcoma protuberans resected by (Robinson), 1093 (Dermatologic surgery)  
Chemotherapeutic agent of interest to dermatologists; deoxycytosine (Camisa et al), 1108 (Correspondence)  
Chemotherapy, high-dose, with autologous marrow transplantation for malignant melanoma (Kessinger), 337 (Therapy)  
Child abuse in childhood condyloma acuminatum (Schachner and Hankin), 157 (Commentary)  
protective services, local, consultation with, for child with condyloma acuminatum (Schachner and Hankin), 157 (Commentary)  
Chloracne, cutaneous histologic findings in chemical workers with and without, with past exposure to 2,3,7,8-tetra-chlorodibenzo-*p*-dioxin (Moses and Prioleau), 497  
Cicatrical junctional epidermolysis bullosa (Haber et al), 836  
Cirrhosis, primary biliary, pemphigus erythematosus, and D-penicillamine: report of case (Gibson and Dicken), 883 (Correspondence)  
Citrullinemia, pili torti in association with (Patel and Unis), 203  
Cleft lip and palate, ankyloblepharon, and ectodermal defects (AEC syndrome) (Spiegel and Colton), 810  
Clobetasol propionate creams, 0.005%, clinical experience with (Richards), 891 (Correspondence)  
replies (Jackson; Lober), 892 (Correspondence)  
Coal tar extract, psoriasis treatment with suberythemogenic ultraviolet B radiation and (Menkes et al), 21  
Cocaine-related bullous disease (Tomecki and Wikas), 585 (Correspondence)  
Cold (tray) sterilization of hepatitis B virus (Voron), 718 (Correspondence)  
Collagen diseases, therapy (Coskey), 1047  
implant in management of perleche (angular cheilosis) (Chernosky), 493  
matrix implants and synthetic polymer dressings; dermal wound repair (Leipziger et al), 409  
neof ormation of, by fibroblasts, acquired digital fibrokeratoma considered as resulting from (Kint et al), 816  
nevus detected by electron microscopy, myofibroblasts in (Shelley et al), 917  
Coma blisters and postoperative alopecia arising from pressure-induced ischemia (Wiles and Hansen), 195  
Comedo-like papules in nevus comedonicus (Harper and Spielvogel), 185  
Computer-assisted dermatologic diagnostic system (DIAG)—clinical experience and insight (Haberman et al), 132 (Special article)  
Condyloma acuminatum, childhood, child abuse in (Schachner and Hankin), 157 (Commentary)  
Congenital melanocytic nevi, estrogen and progesterone receptors in (Ellis et al), 235  
Contact dermatitis, allergic, to dyclonine hydrochloride simulating extensive herpes simplex labialis (Purcell and Dixon), 231  
Continuing medical education examination, 10, 226, 450, 625, 776, 976  
answers, 12, 228, 452, 624, 778, 978  
Cook acne severity grade and inflammatory lesion counts, patients evaluated by, in evaluation of 2% erythromycin ointment in topical therapy of acne vulgaris (Leshner et al), 526  
Corticosteroid administration, intralesional, fixed cutaneous sporotrichosis: unusual histopathology following (Bickley et al), 1007

## Corticosteroid—cont'd

- therapy, topical, successful response to, of multiple granulation tissue lesions occurring in isotretinoin treatment of acne vulgaris (Miller et al), 888 (Correspondence)
- Cosmetic(s), fragrances leading cause of allergic contact dermatitis due to; perfume dermatitis (Larsen), 1
- purposes, risks and benefits from high-intensity ultraviolet A sources used for (Bickers et al), 380 (Special report)
- Cost containment, health care, dossier on (Cunningham), 364 (Editorial)
- effective program for severe psoriasis, role of ambulatory psoriasis treatment center as (Bohm and Voorhees), 740 (Special report)
- Costa, acrodermatolastoidosis of, in North America (Korc et al), 832
- CPK, elevated, and isotretinoin (Lipinski and Schwimmer), 581 (Correspondence)
- replies (McBurney and Rosen; Chen), 582, 583 (Correspondence)
- Creatine phosphokinase, elevated, and strenuous exercise in patients taking isotretinoin (Lombardo et al), 580 (Correspondence)
- CREST syndrome, immunologic studies of patients with most or all of signs of, for evaluation of methods for detection of antinuclear antibodies and other antinuclear antibodies (Beutner et al), 289
- Crohn's disease, oral: report of two cases in brothers with metallic dysgeusia and review of literature (Frankel et al), 260
- Culture(s), dermatophyte, curets for (Baral), 728 (Correspondence)
- reply (Head), 728 (Correspondence)
- tissue, regeneration of epidermis by cells grown in (Eisinger), 402
- Curets for dermatophyte cultures (Baral), 728 (Correspondence)
- reply (Head), 728 (Correspondence)
- Curettage and shave excision (Brooks), 1107 (Correspondence)
- reply (Spiller and Spiller), 1108 (Correspondence)
- Current issues, 977
- Cutaneous angiomas in POEMS syndrome (Puig et al), 961
- aspergillosis, primary, in six leukemic children (Grossman et al), 313
- graft-versus-host reaction: prognostic features seen by light microscopy (Hymes et al), 468
- histologic findings in chemical workers with and without chloracne with past exposure to 2,3,7,8-tetrachlorodibenzo-p-dioxin (Moses and Prioleau), 497
- hyperpigmentation induced by amiodarone hydrochloride (Alinovi et al), 563
- synergism of minocycline and amitriptyline in (Basler and Goetz), 577 (Correspondence)
- involvement, specific, in course of chronic myelomonocytic leukemia simultaneously with blastic leukemic transformation (Pozo-Román et al), 943
- leishmaniasis acquired in Texas, clinical aspects of (Nelson et al), 985
- mercury granuloma (Lupton et al), 296
- reactions to nonsteroidal anti-inflammatory drugs (Bigby and Stern), 866 (Adverse reactions)
- secondary to heparin injections (Tuneu et al), 1072 (Adverse reactions)
- sporotrichosis, fixed: unusual histopathology following intraleisional corticosteroid administration (Bickley et al), 1007

## Cutaneous—cont'd

- T cell lymphoma, human leukocyte antigens in (Rosen et al), 531
- monoclonal antibodies and (McMillan), 102 (Clinical review)
- ulcerations, chronic, and impaired healing in human skin (Krull), 394
- wound healing: model for cell-matrix interactions (Woodley et al), 420
- Cyclosporin A, treatment of cutaneous T cell lymphoma with (Moreland et al), 886 (Correspondence)
- Cyclosporine, remission in skin filtrate of patient with mycosis fungoides treated with (Maddox et al), 952
- Cylindroma, locally invasive cutaneous; metamorphosis of dermal cylindroma (Urbanski et al), 188
- Cyst(s), follicular: how should we name them? (Stevens), 367 (Correspondence)
- reply (Brownstein), 368 (Correspondence)
- phaeohyphomycotic, of skin caused by *Exophiala jeanselmei* (Zackheim et al), 207
- Cysticercosis, cerebral: diagnostic value of subcutaneous nodules (Falanga and Kapoor), 304
- Cytomegalovirus infection, in an immunosuppressed man (Pariser), 720 (Correspondence)
- reply (Bhawan et al), 721 (Correspondence)
- TORCH syndrome (Fine and Arndt), 697 (Clinical review)
- Cytoplasmic transport, defective, of cell surface carbohydrates in psoriasis (Amornsiripantich), 1111 (Correspondence)
- reply (Schaumburg-Lever), 1111 (Correspondence)
- Cytotoxic agents for use in dermatology (McDonald), 753, 965

## D

- Dapsone in treatment of erosive lichen planus (Falk et al), 567
- Darier's disease, Grover's disease resembling (Helfman), 981
- Dead Sea, psoriasis treatment at: natural selective ultraviolet phototherapy (Abels and Kattan-Byron), 639
- Death, major causes of, in fatal panniculitis (Aronson et al), 535 (Clinical review)
- from malignant melanoma, 895 (Sarma) (Correspondence)
- Dental amalgams, hypersensitivity to mercury from (Mackert), 877 (Current issues)
- response (Fisher), 878 (Current issues)
- fluoride treatments, aggravation of dermatitis herpetiformis by (Bovenmyer), 719 (Correspondence)
- measures, corrective, in management of perlèche (angular cheilosis) (Chernosky), 493
- Deoxycoformycin: new chemotherapeutic agent of interest to dermatologists (Camisa et al), 1108 (Correspondence)
- Depigmentation seen as reaction to fragrance materials; perfume dermatitis (Larsen), 1
- Dermal wound repair: role of collagen matrix implants and synthetic polymer dressings (Leipziger et al), 409
- Dermatitis, allergic contact, to dyclonine hydrochloride simulating extensive herpes simplex labialis (Purcell and Dixon), 231
- from cashew nuts (Behl), 117 (Correspondence)
- herpetiformis, aggravation of, by dental fluoride treatments (Bovenmyer), 719 (Correspondence)
- seborrhic, double-blind treatment of, with 2% ketoconazole cream (Skinner et al), 852
- textile dye (Hatch et al), 1079 (Clinical review)
- therapy (Coskey), 1047

Dermatofibrosarcoma protuberans resected by Mohs' surgery (chemosurgery) (Robinson), 1093 (Dermatologic surgery)

Dermatologic diseases, indications for use of cytotoxic drugs in (McDonald), 753, 965

immunology/diagnostic and laboratory immunology (DI/DLI), special qualification in, 898 (Special report)

therapy: December 1983 through November 1984 (Coskey), 1045

Dermatologists, reading list for; *real literature* (Caplan), 901 (Special article)

Dermatology, French Society of, Spring Meeting, Paris, France, March 8-10, 1984 (Landry and Girard), 733

giants in (Callaway), 144 (Special article)

(Hollander), 1109 (Correspondence)

reply (Callaway), 1109 (Correspondence)

Pediatric, Society for, Ninth Annual Meeting, Lake Tahoe, NV, 1115

Dermatomyositis and malignancy: commentary on recent report and need for increased scrutiny of reports of disease associations (Callen), 731 (Correspondence)

Dermatophyte cultures, cures for (Baral), 728 (Correspondence)

reply (Head), 728 (Correspondence)

Dermatosis, inflammatory; prurigo pigmentosa (Shimizu et al), 165

transient acantholytic (Grover's disease) (Helfman), 981

unique, from coastal New England; pulling boat hands (Toback et al), 649

DIAG: computer-assisted dermatologic diagnostic system—clinical experience and insight (Haberman et al), 132 (Special article)

Diagnosis, histologic, of benign adnexal skin tumors (Brown and Ariano), 350 (Dermatopathology)

Diagnostic and laboratory immunology, dermatologic immunology (DI/DLI), special qualification in, 898 (Special report)

system, computer-assisted (DIAG)—clinical experience and insight (Haberman et al), 132 (Special article)

Diphenhydramine, double-blind crossover study comparing doxepin with, for treatment of chronic urticaria (Greene et al), 669

Disease(s), bullous, cocaine-related (Tomecki and Wikas), 585 (Correspondence)

dermatologic indications for use of cytotoxic drugs in (McDonald), 753, 965

graft-versus-host, severe complication of bone marrow transplantation; cutaneous graft-versus-host reaction: prognostic features seen by light microscopy (Hymes et al), 468

inflammatory and neoplastic skin, heterogeneity of dermal OKT6+ cells in (Berti et al), 507

Letterer-Siwe, in ninth decade (Wright et al), 369 (Correspondence)

of total skin; psoriasis (Farber et al), 150 (Commentary)

Doxepin, double-blind crossover study comparing with diphenhydramine for treatment of chronic urticaria (Greene et al), 669

D-Penicillamine, pemphigus erythematosis, primary biliary cirrhosis, and; report of case (Gibson and Dicken), 883 (Correspondence)

Dressings, biosynthetic, experiences with (Eaglstain), 434

occlusive wound, to prevent bacterial invasion and wound infection (Mertz et al), 662

synthetic polymer, and collagen matrix implants, role of; dermal wound repair (Leipziger et al), 409

Drugs, nonsteroidal anti-inflammatory, cutaneous reactions to (Bigby and Stern), 866 (Adverse reactions)

Duo formula group treatment (DFGT) as example of group therapy of psoriasis (Schulte et al), 61

Dupuytren's contractures or plantar fibromatosis, intralesional steroid injections an alternative to surgery in patients with (Pentland and Anderson), 212

Dyclonine hydrochloride, allergic contact dermatitis to, simulating extensive herpes simplex labialis (Purcell and Dixon), 231

Dye, textile, dermatitis (Hatch et al), 1079 (Clinical review)

Dysgeusia, metallic, report of two cases of oral Crohn's disease in brothers with, and review of literature (Frankel et al), 260

Dysplastic nevus syndrome, relationship of nevocytic nevi to sun exposure in (Kopf et al), 656

## E

Earlobe surgical repair and ear post replacement, one-step procedure for (Chernosky), 721 (Correspondence)

Ear post replacement and earlobe surgical repair, one-step procedure for (Chernosky), 721 (Correspondence)

Econazole cream, topical, for treatment of *Pityrosporum* folliculitis (Bäck et al), 56

1% in treatment of pityriasis versicolor in Zambia (Hira et al), 580 (Correspondence)

Ectodermal defects, ankyloblepharon, and cleft lip and palate (AEC syndrome) (Spiegel and Colton), 810

Elastosis, solar, relationship of sun exposure and, to basal cell carcinoma (Zaynoun et al), 522

Electrolysis and thermolysis for permanent hair removal (Wagner et al), 441

Electron microscopy of Merkel cell carcinoma from formalin-fixed tissue (Haneke), 487

Electronic tweezers, pitfalls of; electrolysis and thermolysis for permanent hair removal (Wagner et al), 441

Emulsion form, standardizing 8-methoxypsoralen plasma profiles by using (Van Boven et al), 822

Endometrial carcinoma, umbilical metastasis of; case report (Ali and Bauer), 887 (Correspondence)

Environmental factors implicated in etiology of cutaneous T cell lymphoma (Rosen et al), 531

Enzyme activities, normal, angiokeratoma corporis diffusum and (Crovato and Rebora), 885 (Correspondence)

Eosinophilia, angiolymphoid hyperplasia with (Olsen and Helwig), 781

Eosinophilic panniculitis (Burket and Burket), 161

Epidermis, regeneration of, by cells grown in tissue culture (Eisinger), 402

Epidermolysis bullosa, cicatricial junctional (Haber et al), 836

simplex with keratoderma of palms and soles (Haber et al), 1040

Erythema gyratum repens unassociated with internal malignancy (Langlois et al), 911

necrolytic migratory, considered paraneoplastic dermatosis; glucagonoma syndrome (Vandersteen and Scheithauer), 1032

Erythroderma, nonbullous congenital ichthyosiform, vacuolization of upper epidermal cells in (Williams and Elias), 126 (Correspondence)

plaque-induced (Slagel and James), 857 (Adverse reactions)

- Erythromycin ointment, 2%, evaluation of, in topical therapy of acne vulgaris (Lesher et al), 526
- Estrogen and progesterone receptors in congenital melanocytic nevi (Ellis et al), 235
- Etiquette at annual Academy meeting (Kelly), 893 (Correspondence) replies (Jansen; Nordstedt), 893, 894 (Correspondence)
- Etretinate (oral retinoid), trimethylpsoralen bath plus ultraviolet A combined with, in treatment of severe psoriasis (Väättäinen et al), 52
- short-term, for pustular psoriasis (Rubin and Hanno), 896 (Correspondence)
- (Tegison; Tigason), role of, in management of keratoacanthoma (Cristofolini et al), 633
- Eugenol, action of (Rosenberg), 724 (Correspondence) reply (Guin), 724 (Correspondence)
- Evolution controversy (Tharp), 890 (Correspondence) reply (Anderson), 891 (Correspondence)
- Exercise, strenuous, and elevated creatine phosphokinase in patients taking isotretinoin (Lombardo et al), 580 (Correspondence)
- Exophiala jeanselmei*, phaeohyphomycotic cyst of skin caused by (Zackheim et al), 207
- Eyebrow, wounds in or near, use of Burrow's wedge principle for repair of (Gormley), 344 (Dermatologic surgery)

## F

- Familial Becker's nevus (Fretzin and Whitney), 589 (Correspondence)
- Muir-Torre syndrome, oral isotretinoin therapy for (Spielvogel et al), 475
- Fatal panniculitis (Aronson et al), 535 (Clinical review)
- Fibrokeratoma, acquired (digital) (Kint et al), 816
- Fibromatosis, plantar, responds to intralesional steroids (Pentland and Anderson), 212
- Fingernails, onycholysis of: evaluation and management (Kechijian), 552 (Clinical review)
- Fixative medium, simplified, for direct immunofluorescence in skin biopsies (Nieddecken and Lange), 828
- Fluorescent lamps, black light, for PUVA, biologic effectiveness of (Fleming and Brody), 894 (Correspondence) reply (Forbes et al), 894 (Correspondence)
- 5-Fluorouracil therapy, topical, herpes simplex complicating (Braunstein), 1109 (Correspondence) reply (Goette), 1110 (Correspondence)
- Follicular cysts: how should we name them? (Stevens), 367 (Correspondence) reply (Brownstein), 368 (Correspondence)
- Folliculitis, gram-negative, treatment of, with isotretinoin: positive clinical and microbiologic response (James and Leyden), 319
- Pityrosporum*: common disease of young and middle-aged (Bäck et al), 56
- Food, effect of, on absorption of minocycline hydrochloride and tetracycline hydrochloride (Leyden), 308
- sulfited restaurant; sulfite update, 881 (Editorial)
- Formalin-fixed tissue, electron microscopy of Merkel cell carcinoma from (Haneke), 487
- Fragrance materials, most common reaction to; perfume dermatitis (Larsen), 1
- French Society of Dermatology Spring Meeting, Paris, France, March 8-10, 1984 (Landry and Girard), 733

## G

- Gianotti-Crosti syndrome associated with hepatitis B surface antigen (subtype adr) (Lee et al), 629
- papulosquamous diseases (Fox and Odom), 597
- Giants in dermatology (Callaway), 144 (Special article) (Hollander), 1109 (Correspondence) reply (Callaway), 1109 (Correspondence)

- Leukemic children, six, primary cutaneous aspergillosis in (Grossman et al), 313
- Lichen aureus (English), 377 (Correspondence)
  - replies (Wilkin, 378; Shelley et al), 379 (Correspondence)
  - Wilkin, 124 (Correspondence)
  - reply (Shelley et al), 125 (Correspondence)
- nitidus; papulosquamous diseases (Fox and Odom), 597
- planus, erosive, dapsone in treatment of (Falk et al), 567
- lichen sclerosis, and morphea, coexistence of (Connelly and Winkelmann), 844

## Lichen—cont'd

- and liver (Monk), 122 (Correspondence)
  - replies (Powell; Rebora and Rongioletti), 123 (Correspondence)
- oral erosive, and chronic active hepatitis (Katz and Pisanti), 719 (Correspondence)
- papulosquamous diseases (Fox and Odom), 597
- sclerosus et atrophicus of elbows, appearance of lupus erythematosus in patient with (Kahana et al), 127 (Correspondence)
- morphea, and lichen planus, coexistence of (Connelly and Winkelmann), 844
- striatus; papulosquamous diseases (Fox and Odom), 597
- Lindane resistance and p(h)thirus pubis (Parish), 889 (Correspondence)
  - reply (Feingold and Taplin), 889 (Correspondence)
- Lipodystrophy, partial (localized) (Afifi et al), 198
- Literature, *real*: reading list for dermatologists (Caplan), 901 (Special article)
- Livedo reticularis—like eruption, quinidine-induced photosensitive (Bruce and Wolf), 332
- Liver damage, methotrexate-induced, predictive value of HLA antigen for, in patients with psoriasis (Pestana et al), 26
- lichen planus and (Monk), 122 (Correspondence)
  - replies (Powell; Rebora and Rongioletti), 123 (Correspondence)
- Louis-Bar syndrome or ataxia-telangiectasia (Smith and Conerly), 681 (Clinical review)
- Lupus erythematosus, appearance of, in patient with lichen sclerosus et atrophicus of elbows (Kahana et al), 127 (Correspondence)
  - chronic cutaneous (discoid), systemic lupus erythematosus in patients with (Callen), 278
  - human histocompatibility antigen associations in patients with (Fowler et al), 73
  - like syndrome, procainamide-induced systemic, and its clinical presentations, antinuclear antibodies as indicators for (Gorsulowsky et al), 245
  - neonatal, multiple thromboses, and monoarthritis in family with Ro antibody (Lin et al), 1022
  - systemic, immunologic studies of patients with, for evaluation of methods for detection of anticentromere antibodies and other antinuclear antibodies (Beutner et al), 289
  - in patients with chronic cutaneous (discoid) lupus erythematosus (Callen), 278
- Lymph node involvement in leishmaniasis (Berger et al), 993
- Lymphedema of lower abdominal wall in pregnancy (Reed et al), 930
- Lymphocyte-mediated inflammatory diseases, potential usefulness of dapsone therapy for; dapsone in treatment of erosive lichen planus (Falk et al), 567
- Lymphocytoma cutis, benign lymphocytic infiltrate of Jessner, and their distinction from malignant lymphoma; nodular lymphoid disease of head and neck (Van Hale and Winkelmann), 455
- Lymphoid disease, nodular, of head and neck: lymphocytoma cutis, benign lymphocytic infiltrate of Jessner, and their distinction from malignant lymphoma (Van Hale and Winkelmann), 455

- Lymphoma(s), cutaneous T cell, human leukocyte antigens in (Rosen et al), 531  
monoclonal antibodies and (McMillan), 102 (Clinical review)  
treatment of, with cyclosporin A (Moreland et al), 886 (Correspondence)  
cytotoxic drugs lifesaving for patients with (McDonald), 753, 965  
malignant, distinction of lymphocytoma cutis, benign lymphocytic infiltrate of Jessner from; nodular lymphoid disease of head and neck (Van Hale and Winkelmann), 455  
Lymphomatous lymph node, metastatic squamous cell carcinoma of skin occurring in (Mora), 571  
Lynch syndrome II and Lynch syndrome I (Fusaro), 129 (Correspondence)  
reply (Banse-Kupin et al), 130 (Correspondence)  
Lysozyme,  $\alpha_1$ -antitrypsin and, in fibrous papules and angiofibromas (Kwan et al), 99 (Dermatopathology)

# M

- Macules, acquired, bilateral nevus of Ota-like (Hidano), 368 (Correspondence)  
reply (Hori), 369 (Correspondence)  
Malarial, anti-, therapy, toxic psychosis complication of (Ward et al), 863 (Adverse reactions)  
Malignancy(ies), dermatomyositis and: commentary on recent report and need for increased scrutiny of reports of disease associations (Callen), 731 (Correspondence)  
hematologic, primary cutaneous aspergillosis in six children with (Grossman et al), 313  
increased incidence of, in ataxia-telangiectasia or Louis-Bar syndrome (Smith and Conerly), 681 (Clinical review)  
internal, erythema gyratum repens unassociated with (Langlois et al), 911  
multiple, hypertrichosis lanuginosa acquisita associated with (Kassis et al), 1106 (Correspondence)  
Malignant lymphoma, distinction of lymphocytoma cutis, benign lymphocytic infiltrate of Jessner from; nodular lymphoid disease of head and neck (Van Hale and Winkelmann), 455  
melanoma, biopsy and survival of (Rampen and van der Esch), 385 (Commentary)  
high-dose chemotherapy with autologous marrow transplantation for (Kessinger), 337 (Therapy)  
no one should die of (Ackerman), 115 (Editorial)  
transformation, possible relation of metamorphosis of dermal cylindroma to (Urbanski et al), 188  
Marketplace, medicine and (Dobson), 1099 (Editorial)  
Marrow transplantation, autologous, for malignant melanoma, high-dose chemotherapy with (Kessinger), 337 (Therapy)  
Medicine and marketplace (Dobson), 1099 (Editorial)  
Medium, simplified fixative, for direct immunofluorescence in skin biopsies (Nieddecken and Lange), 828  
Megaloblastic anemia, hyperpigmentation in (Marks et al), 914  
Melanocytic nevi, congenital, estrogen and progesterone receptors in (Ellis et al), 235  
Melanoma, gigantic malignant, in thermal burn scar (Goldberg et al), 949  
malignant, biopsy and survival of (Rampen and van der Esch), 385 (Commentary)  
death from (Sarma), 895 (Correspondence)  
Melanoma—cont'd  
high-dose chemotherapy with autologous marrow transplantation for (Kessinger), 337 (Therapy)  
no one should die of (Ackerman), 115 (Editorial)  
non-skin cancer, psoriasis and susceptibility to (Stern et al), 67  
Meralgia paresthetica, alopecia in (Aranoff et al), 176  
Mercury granuloma, cutaneous (Lupton et al), 296  
hypersensitivity to, from dental amalgams (Mackert), 877 (Current issues)  
response (Fisher), 878 (Current issues)  
Merkel cell carcinoma, electron microscopy of, from formalin-fixed tissue (Haneke), 487  
Metabolic disorders, therapy (Coskey), 1054  
Metallic dysgeusia, report of two cases of oral Crohn's disease in brothers with, and review of literature (Frankel et al), 260
